01

HISTORY OF COMPANY

1967

HAS STARTED WORKING IN THE METAL INDUSTRY SINCE

Metal Group LLC 1967 specialized company for the production of metal structures which operates in two locations where its headquarters is in Gjilan, Kosovo.

The production capacity on a monthly basis will be **250-300MT** or **3000-3600MT** on an annual basis thanks to the most modern machinery in the metal industry.

All the processing (steel construction) is for European market for several years now and continues to respond to your requests in the most professional way.

02
MISSION

Providing **high quality** products and creating a successful relationship with our customers and suppliers.

To constantly strive to meet or exceed the requirements of our customers.

Inovate for new products and services based on the needs of our customers.

04

OBJECTIVES

OUR PHILOSOPHY UNITES OUR ACTIONS TOWARDS OUR CUSTOMERS, OUR EMPLOYEES AND OUR EXTERNAL PARTNERS.

All our actions are focused on:

QUALITY

HEALTH

SAFETY

ENVIRONMENT

EQUAL OPPORTUNITIES AND

SUSTAINABLE DEVELOPMENT OF THE COMPANY

By having these focuses only then we give our customers security and trust

05

METAL IS OUR LANGUAGE

Paying particular attention to innovative technical solutions in accordance with the real needs of our customers and acting as professionals, management encourages continuous improvement relying on the participation and experience of employees and partners in accordance with standards and norms.

Since safety is a key element that guarantees the sustainability of our activity and the health of our employees, we consider the physical and mental integrity of each individual as a priority.

OF

PEOPLE FIRST

Metal Group manages in a transparent way and by putting people in priority

Metal Group has built a professional environment

Our company is motivated by love for the profession and work.

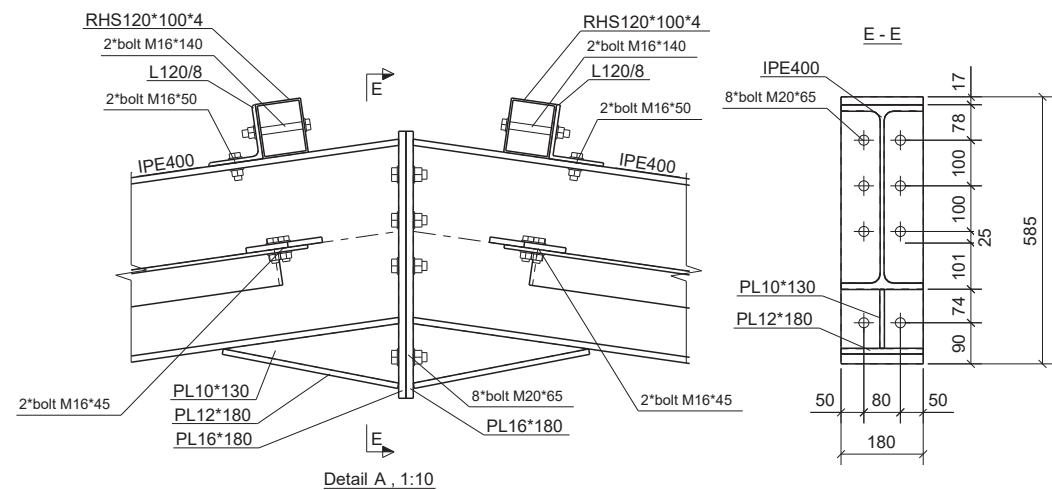

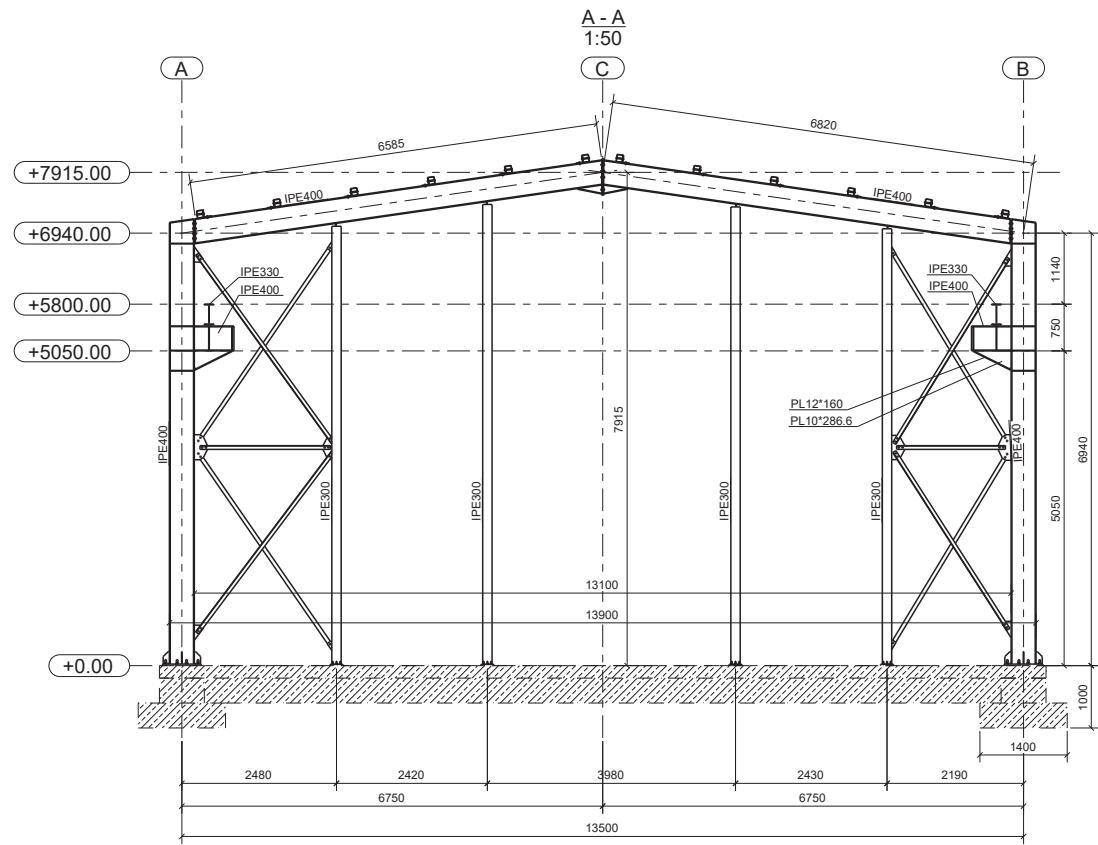

07

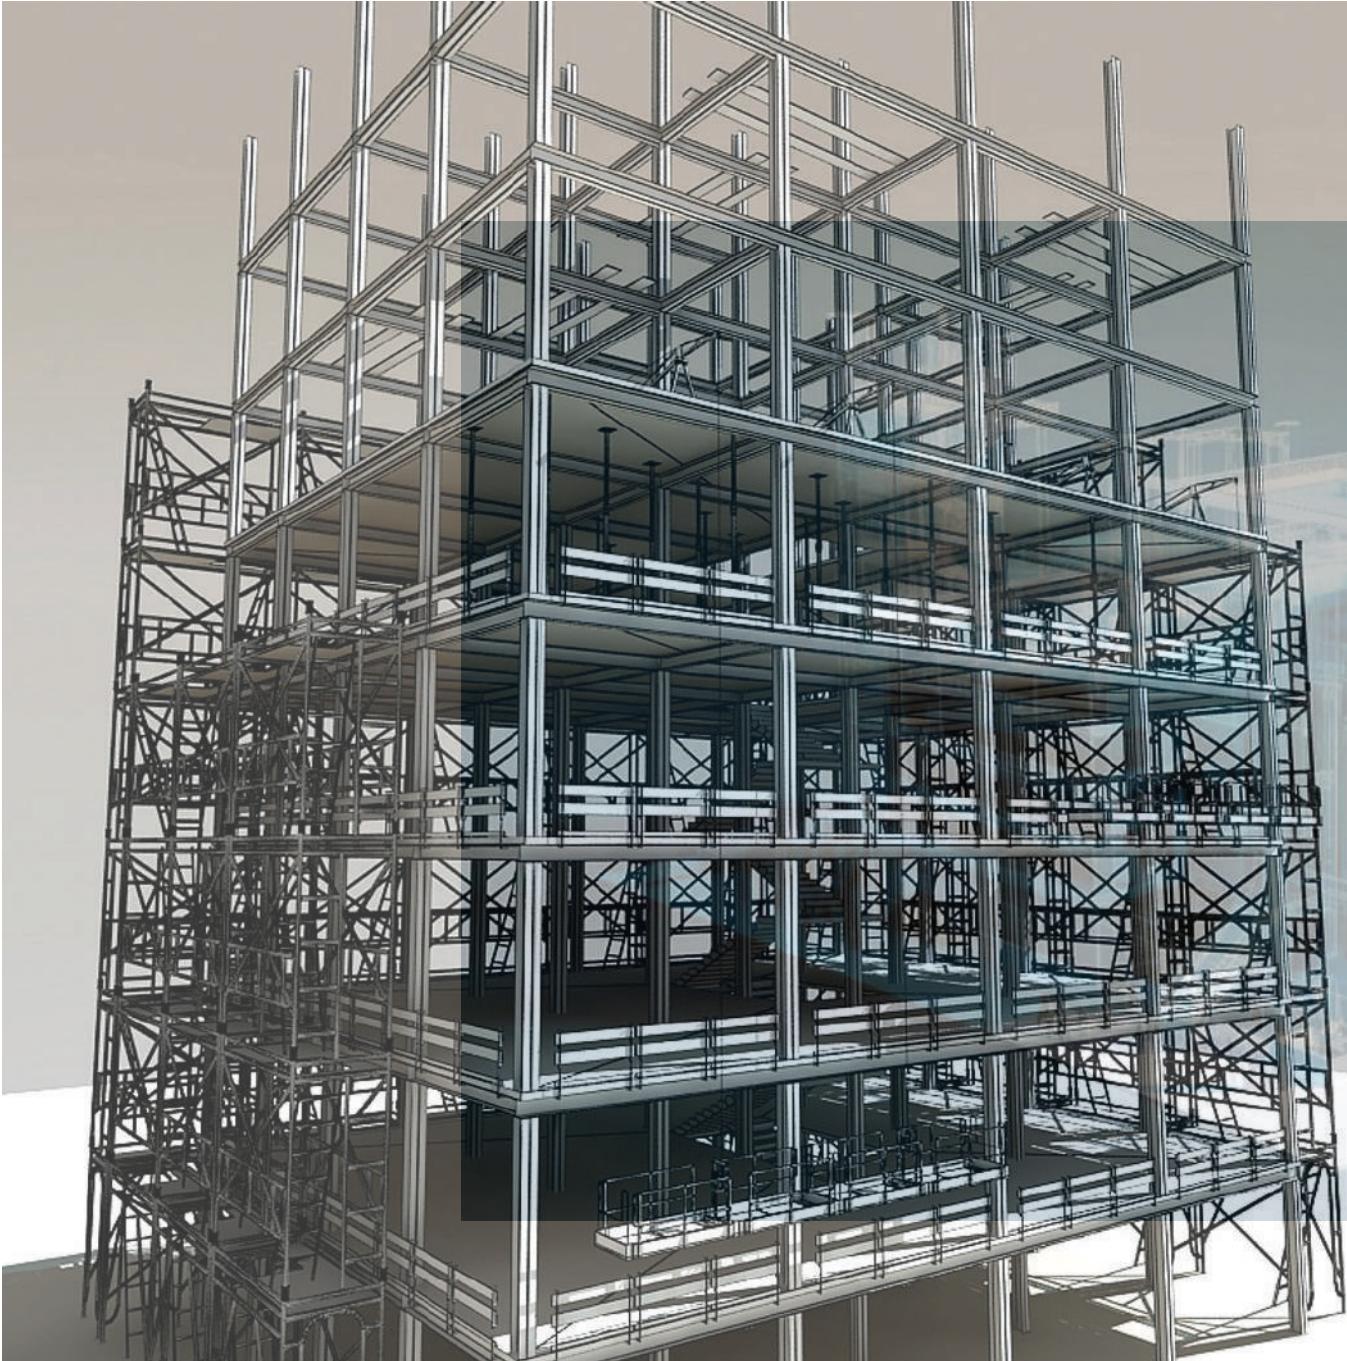

INNOVATIVE SOLUTIONS

A group of engineers perform static calculations, **3D modeling** with **Tekla** software as well as making drawings for production and installation.

They design and optimize all types of construction, combining technical expertise and mastery of architectural finishing requirements.

OR

WORK ENVIRONMENT

In more than **10,000 m²** and in a technical environment and modern premises, qualified workers and their assistants work in separate workshops for the treatment of **steel, aluminum and stainless steel**

09 LOGISTICS

DEDICATED TEAM

A team dedicated to surface treatment works in a special workshop, equipped with machinery for the treatment of steel structures, and the painting process is also tested.

Also has a logistics department, where this department is important for carrying out the fast and safe process of packaging materials for export and quick information to customers, as well as carrying out imports.

12

TECHNOLOGY

In **2017**, the company has taken the initiative of investing in modern machinery, which is an automatic welding robot and several tracking machines, and now has the latest generation of metal cutting, profile cutting and drilling machines, cutting robot of metal pipes.

11

TEAM

Metal Group LLC does not stop with investments only in modern machines, but we have also invested in human resources by being trained in software programs for the operation of machines as well as the Tekla program to be more flexible in the realization of projects and transfer programs.

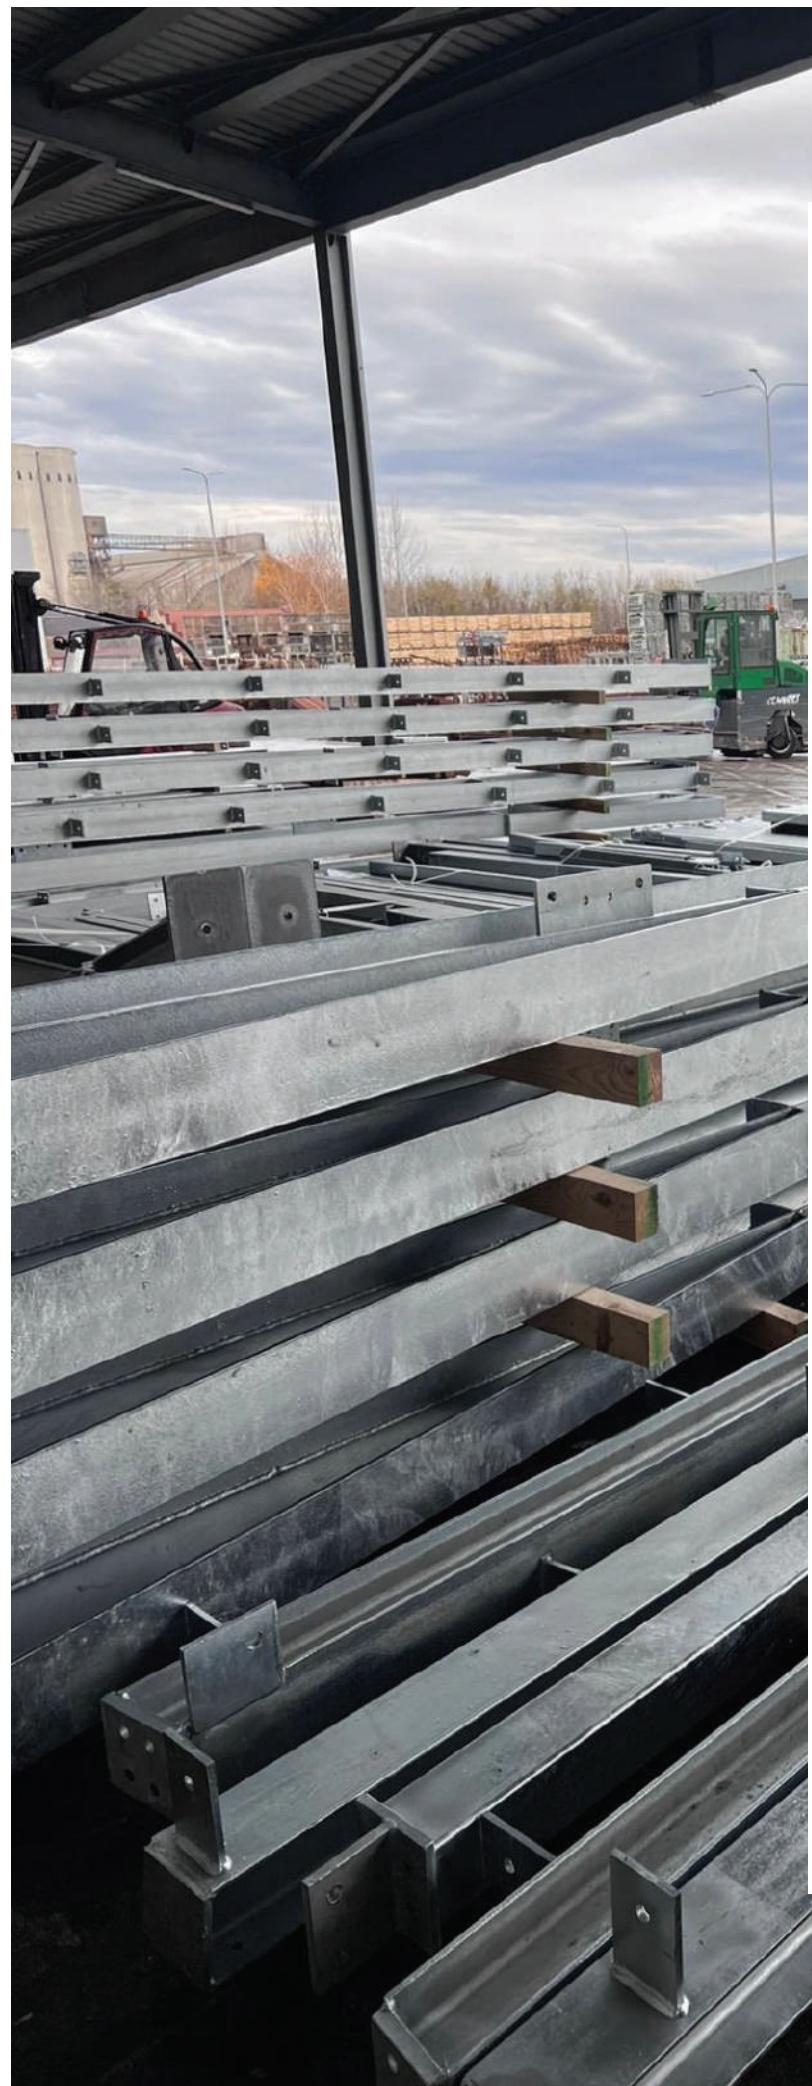

12 PARTNERSHIPS

Today **Metal Group** is dedicated to the design and construction of metal constructions.

Operating quality **Metal Group** with the support of all their projects, in the construction of various structures, such as industrial, tertiary and sports buildings, commercial spaces throughout.

We have close partnerships with other raw material companies and galvanizing companies.

The main reason why we are present in the European market are the **EXC 2** and **EXC 3** certificates.

CERTIFICATE

as a result of the examination,

PRIVREDNO DRUŠTVO METAL GROUP LLC - DOO – PREŠEVO

15. Novembar 151, 17523 Preševo, Srbija

EN ISO 3834-2: 2021

Quality requirements for fusion welding of metallic materials – Part 2: Comprehensive quality requirements.

The scope has met at the following requirements:

Welding process acc. to EN 4063	Base Material acc. To CEN ISO/TR 15608	Joint Type	Approval Range of Thickness
135	Steels from group 1	FW	3,0 to 8,0 mm
135	S235JR	BW	4,0 mm

Scope of Manufacturing Production of metal constructions, scaffolding and other metal products

Welding Coordinator Personnel Mr. Bogdan Bajceta

This certificate is valid until the date stated below in case the certification requirements and the rules of the standard are complied with the surveillance audits are successful and the circumstances defined above. The validity of the certificate can be verified on our website.

Certificate No.: 23954301

Next audit date : 23.08.2024

Valid until : 23.08.2026

Issue Date and Place : 24.08.2023, Germany

This certificate remains property of Inspecco, and may be published only unchanged. Any other advertising (brochures, etc.) must contain the certificate. Any reproduction, adaptation and publishing in this form is impermissible. The latest edition of our "General Terms and Conditions" is applicable.

Certificate of Registration

This is to certify that the Management System of:

PRIVREDNO DRUŠTVO METAL GROUP LLC - DOO – PREŠEVO

15. Novembar 151,
17523 Preševo, Srbija

has been approved by Alcumus ISOQAR and is compliant with the requirements of:

ISO 9001:2015
SRPS ISO 9001:2015

Certificate Number: 23216-Q15-001
Initial Registration Date: 26 July 2023
Expiry Date: 26 July 2026

Scope of Registration:

Production of metal constructions, scaffolding and other metal products

Signed:
Alyn Franklin, Chief Executive Officer
(on behalf of Alcumus ISOQAR)

This certificate will remain current subject to the company maintaining its system to the required standard. This will be monitored regularly by Alcumus ISOQAR. Further clarification regarding the scope of this certificate and the applicability of the relevant standards' requirement may be obtained by consulting Alcumus ISOQAR.

Alcumus ISOQAR Limited, Alcumus Certification, Cobra Court, 1 Blackmore Road, Stretford, Manchester M32 0QY.
T: 0161 865 3699 F: 0161 865 3685 E: isoqar.enquiries@alcumusgroup.com W: www.alcumusgroup.com/isoqar
This certificate is the property of Alcumus ISOQAR and must be returned on request.

Certificate of Registration

UK CERTIFICATE of conformity Factory Production Control
Certificate No: 0513 – CPR – 23216

In compliance with Construction Products Regulation 2011 (retained EU law EUR 305/2011) as amended by the Construction Products (Amendment etc.) (EU Exit) Regulations 2019 and the Construction Products (Amendment etc.) (EU Exit) Regulations 2020.

Structural Components for Steel Structures

Designated Standard	Type/Execution Class of the Construction Product	Declaration Method
BS EN 1090-1:2009+A1:2011	Production of metal constructions, scale folding and other metal products up to EXC 3 according to BS EN 1090-2	3a and 3b

Placed on the market
under the name or trade mark of: **PRIVREDNO DRUŠTVO METAL GROUP**
www.privedno-drustvo-metal-group.com

It has been stated that the construction product is submitted by the manufacturer to the initial type testing of the product, a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the Approved Body Alcumus ISOQAR has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

Attestation: This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the standard BS EN 1090-1:2009+A1:2011 under system 2 are applied and that the factory production control is assessed to be in conformity with the applicable requirements.

Date of first issue: 26 July 2023
Date of this issue: 7 June 2024
Period of Validity: 26 July 2026

Validity Period: This certificate was first issued on (see above) and will remain valid until the noted expiry date as long as neither the designated standard, the construction product, the AVCP methods, nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the approved factory production control certification body.

Approved on behalf of the Certification Board (Alcumus ISOQAR - Approved Body No. 0513):

Signed:
Alyn Franklin, Chief Executive Officer
(on behalf of Alcumus ISOQAR)

This certificate will remain current subject to the company maintaining its system to the required standard. This will be monitored regularly by Alcumus ISOQAR. Further clarification regarding the scope of this certificate and the applicability of the relevant standards' requirements (see certificate appendix) may be obtained by consulting Alcumus ISOQAR.
